# Highly Efficient Linear Labelling Machine

LM

LinearMaschine

LinaMatic

- oscillating label magazine
- complete lining stainless material
- glue pump with heating device
- glue roller with fine adjusting bolt
- automatic operation: no bottle -> no label
- automatic bottle blockade

- wrap-around labelling
- base frame stainless
- for cylindrical bottles
- switchboard stainless
- main drive with frequency converter

- command box clearly arranged and central machine housing
- safety door lining according to CE-norm
- display for failure indication
- cold glue paper-labelling

- roll station synchronic to conveyor
- separate bottle transportation drive with frequency converter
- efficient and renowned German assemblies, e.g.
  - o Siemens S7
  - o maintenance panel OP 3
  - o Klöckner Moeller
  - o Bosch
  - o SEW
